HACKERRANK CAMPUS CREW | NIE MYSURU

Kannada Digital Innovation Hackathon 2026

Code. Create. Celebrate Kannada.

PARTICIPATION	REGISTRATION CLOSES	SUBMISSION WINDOW
Individual	**23 Oct 2026**	**24 - 25 Oct 2026**
One participant, one project	12:00 AM IST	Closes 10:00 PM IST on Unstop

01 About the Hackathon

The Kannada Digital Innovation Hackathon 2026 brings together students, developers, designers and innovators to build meaningful digital solutions that promote the Kannada language, Karnataka's rich culture, heritage, tourism and regional development.

Participants select one of the provided problem statements and develop a solution using web development, mobile applications, artificial intelligence, machine learning, data science or other relevant technologies.

02 Why This Hackathon

- **Real impact:** transform ideas into practical solutions that benefit Karnataka and its people.
- **Language access:** use technology to make Kannada easier to learn, use and explore.
- **Culture and tourism:** showcase Karnataka's heritage and promote regional development through innovation.
- **Career growth:** build a working project, learn by doing, and earn recognition and rewards from HackerRank.

03 How It Works

Step	Action	Details
1	Register	Register on Unstop before the registration deadline.
2	Choose	Review the problem statements and select **one** to develop properly.
3	Build	Create a functional prototype or minimum viable product (MVP). Work may begin once problem statements are released.
4	Document	Document the features, implementation approach and technologies used.
5	Submit	Upload the project and supporting materials on Unstop within the official submission window.

04 Problem Statements

Choose any **one** problem statement.

No.	Title	Objective
1	Kannada for Everyone	Interactive platform that helps non-Kannada speakers learn practical Kannada through everyday conversations, situations, vocabulary and guided practice.
2	Voice of Kannada	Voice-based application where users speak in Kannada and receive meaningful responses, pronunciation feedback or language-learning assistance.
3	Kannada in Everyday Life	Solution that helps people learn and use Kannada in real-world settings such as travel, shopping, education, healthcare, transportation and workplaces.
4	Namma Kannada: Regional Language Explorer	Interactive platform to document and explore regional variations of Kannada, including local words, phrases, expressions, pronunciation and cultural context.
5	Kannada Text Digitization	Converts Kannada text from images, scanned documents or handwritten material into searchable digital text that is easier to understand and access.
6	AI Travel Planner for Karnataka	AI-powered planner that creates personalized Karnataka itineraries based on interests, available time, budget and preferred type of experience.

05 Individual Participation

- Each participant builds and submits their own project; this is an individual event.
- One participant selects one problem statement and submits one solution.
- Open to students, developers, designers and innovators.

06 Important Dates and Deadlines

Milestone	Date and Time (IST)
Registration deadline	23 October 2026, 12:00 AM
Submission window opens on Unstop	24 October 2026, 12:00 AM
Submission window closes on Unstop	25 October 2026, 10:00 PM

All project deliverables must be submitted through Unstop within the official submission window.

07 Rewards and Recognition

FIRST PRIZE: WINNER

₹2,000 cash prize

- HackerRank Infinity Plan
- AI Tool Credits
- Mock Interview Credits
- Official HackerRank E-Certificate

SECOND PRIZE: RUNNER-UP

₹1,000 cash prize

- HackerRank Infinity Plan
- AI Tool Credits
- Mock Interview Credits
- Official HackerRank E-Certificate

Rewards for All Participants	Mock Interview Credits | Participant E-Certificate

Our Vision

Build real solutions, collaborate with bright minds, innovate for a better Karnataka, turn ideas into impact, and celebrate our language and culture.
